

## Non-Franchised Dealer Personal Guarantee of Titles

In consideration of the purchase of contracts from the dealership named below ("Dealer"), the undersigned personally guarantee(s) timely delivery to Consumer Portfolio Services Inc. ("CPS") a certificate of title showing CPS as secured party, in accordance with the CPS dealer agreement. If any such certificate of title is not delivered timely, the undersigned shall purchase the related contract upon CPS's demand, for the full amount then unpaid under the contract, whether the contract is or is not then in default.

This guarantee is entered into in California, may be enforced in the courts of that State, and shall in all respects be interpreted, enforced, and governed by the internal laws of that State. The undersigned is liable for all costs and expenses incurred by CPS in enforcing this guarantee including, without limitation, attorney's fees and court costs, whether or not suit is filed.

The undersigned agrees that this guarantee is irrevocable, and waives any right to revoke this guarantee. The undersigned will be released only upon written consent of CPS. The release of any guarantor shall not affect the obligations of any other guarantor.
